The SEAGULL is an everlasting symbol of the freedom
that lives in all of us:
the freedom to grow,
the freedom to express ourselves,
but mainly just the freedom to be.

So search for freedom no farther than yourself,
because the freedom that lives within us is our
endless flight from today to tomorrow.

Science teachers make the simplest things truly interesting. You don't realize how exciting a living cell can be until you have seen it through the lens of a microscope.

The Art department always manages to come up with new ideas of self expression. This year it's "Bottom's up!"

Have you ever tried to add two "x's" and come out with a pi and a log? Well, the math teachers show you how. Who knows? Maybe they'll educate another Einstein!

When it comes to speaking properly, putting your commas where they belong, and writing compositions, the English teachers really lay it on ya!

"Buenos dias!" and "Bon jours" is just the beginning! What about the grammar and sentence structure? Well, the foreign language teachers clear that all up with their students.

"Seventy-Six Trombones in the Big Parade!" Is Mr. Wulbern auditioning? No, but his students do. They really get a lot out of the music department.

Music sets the spirit free. The hand-written measure of a composer is his form of expression, his way of life.

Reading can free us from today's problems. Our librarians like to think that they can bring us closer to this and to the reality of books.

The special ed teachers bring a new kind of learning into the lives of their students that helps to ease the pressures of everyday living.

The freedom of young people to read books that seem relevant to their own lives or interests cannot be tampered with without risking the danger that books will seem obsolete. In the books they read, young people have a constitutional right to observe truth as it is seen from many points of view.

The FREE-spirited

Rallies and Homecoming! These really start the year off right! During Homecoming week, everyone is brought together so you can share your spirit with each other and let your feelings for your team really show.

No, it's not 1958, but it sure reminds everyone of the 50's and all the crazy stunts that were so popular way back when.

Now back to the late 70's: it's the beginning of the Homecoming Parade, and everyone is so excited! For not only is there a parade to watch, but a football game to win, and a queen to crown. Yes, Homecoming is a big occasion, and everyone looks forward to it each year.

Homecoming means decorating all sorts of things, such as cars, floats, the gym and even yourself! It shows in their enthusiasm about Homecoming that many people think it's the best event of the year.

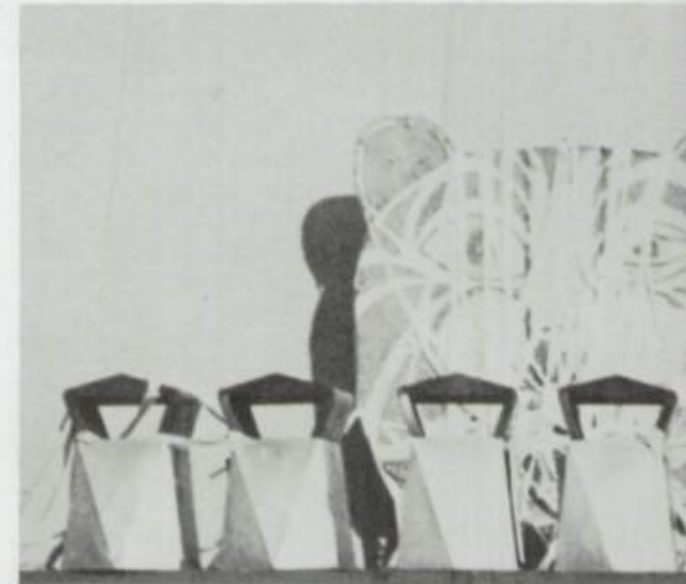

BELOW: The seniors received 1st place for their float; their work was worth it.

RIGHT: Homecoming week is probably one of the few times we really get to "clown around."

CENTER: The gym was also decorated for Homecoming; it would be understandable if you couldn't reach the trash can that day.

BELOW RIGHT: Selling student body cards is the whole idea behind Homecoming.

TIME TO CELEBRATE

BELOW: The Miss El Pacheco candidates are very excited, too. They know that soon one of them will be crowned Miss El Pacheco 1978.

RIGHT: On Kiddie Day some people came as they were; even though we get older, there's a bit of "little kid" in all of us.

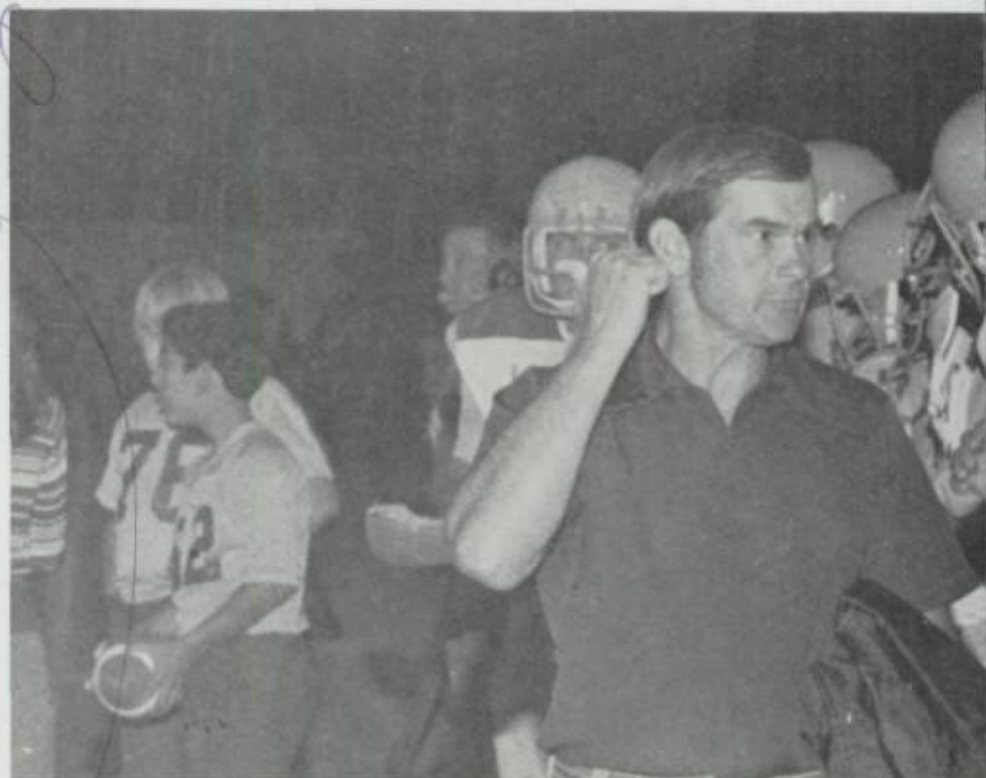

BELOW RIGHT: A group of rowdy Tigers, even before the big game, are already fired up and ready to go.

MISSY

BELOW, HOMECOMING QUEEN CANDIDATES AND ESCORTS: Penny Keys and Roger Huff, Freshmen; Sonya Rodoni and Ron Robinette, Seniors; Janie Wilson and Joe Mello, Juniors; Sandy Ferro and Brent Ingram, Sophomores.

The excitement and suspense felt before the Homecoming Queen is announced is not an easy thing to describe. Although only one girl is crowned, just being a candidate is a great experience and a good deal of fun.

BELOW: After the game, there is the dance where everyone can get together, talk about the events of the week and really have a fun time.

RIGHT: You can see the look of joyful relief on Janie Wilson's face as she is crowned Homecoming Queen of 77-78.

RIGHT, MISS EL PACHECO AND CANDIDATES: Junior, Diane Gastelo, Miss El Pacheco; Senior, Ginger Winsett; Sophomore, Lisa Munger; Freshman, Anna Meza.

This year there was a new title added to the list of reigning royalty. The Winter Ball King was chosen by selling the greatest number of tickets to the dance, and his escort was automatically his queen to sit by his side and help him rule over the dance as a majestic couple.

Ah, yes, Your Majesties, being queens and kings isn't all it's cracked up to be. It means long days of trying to sell tickets, yearbooks and student body cards, etc. But in the end, it's all worth it as your title is placed upon you in sheer splendor.

The Tiger Marching Band's outstanding achievements are many. The members go through utter chaos loading buses, getting dressed, and watching out for their instruments when preparing for a review or parade. But they always seem to come home with an award of which they can be proud.

BELOW, MAJORETTES: Jolene Gargano, Carol Martin, Cindy McElvany, Head, Bonnie Barcellos, Jennifer Nahas.

RIGHT: Cathy George, Drum Major Magnifique!

ROW THREE: Isabel Mendonca, Donna Tidwell, Theresa Simpson, Isaac McBride, Gary Price, Chester Broddrick, Lisa Cochneuer, Robin Aganza.

Many an hour is spent rehearsing for concerts, tours, and the musical, and it all pays off when the choir puts on a great performance. Also, keeping your voice in good condition and learning to appreciate music is what choir can do for a person, besides giving him the satisfaction of using his own talent.

BELOW, CHOIR COUNCIL: Ginger Winsett, Senior Rep. to Executive Board; Chris Sparks, Soph. Rep.; Debbie Spankowski, Junior Rep.; Lisette Dungan, Senior Rep.; Erika Ullman, Frosh. Rep.

Although choir has much to offer, it takes quite a bit of patience and determination to acquire good vocal quality. Plus the fact that one must put up with Mr. Wulbern's constant cries for perfection. But after one realizes that singing lifts the spirit and frees the heart, one understands it all.

The Pep Club promotes school spirit and gets the crowd at the game rooting for the team and into the spirit of playing. The members paint signs for the games and just have good ol' fun. Now it's clear who those wild kids at the games are who are always screaming and carrying on--it's the Pep Club!

BELOW, ART CLUB OFFICERS: Greg Obeso, Rep.; Justin Mevi, Pres.; Lisa Sundstrom, Vice-Pres.; Tami Gansberger, Sec.; Gina Robertson, Treas.

Come rain, snow, sleet, or shine, we can be sure that the Art Club will manage to think up some crazy new idea. In 30° weather, these people got together to take a bath in absolutely freezing water. Along with the freezing water, what appears to be snow is actually plastic bean bag filler.

FAR RIGHT: The advisor, Mr. Huddleston, takes time out to give Alan Freman a really close shave.

BELOW RIGHT: Talk about a gruesome two-some!! These art club members put on their best faces for this picture.

The Art Club is probably
best known for their Art
Festival they put on year-
ly. Along with this, their
activities include trips,
concerts, ballets, etc.
The Art Club is made up
of unique talents and per-
sonalities. But isn't that
what Art is all about?

SEEING IS BELIEVING

BELOW, CHESS CLUB MEMBERSHIP: Darrell Borgia, Steve Bosworth, Gary Gallichio, Al Hernandez, John Jeffers, Arnold Lawrence, Kevin Lewis, Mark Lewis, Jeff Miller, Matt Valencia. BELOW RIGHT, CHESS CLUB OFFICERS: John Jeffers, Vice-Pres.; Jeff Miller, Sec./Treas.; Mark Lewis, Pres.; Mr. Robert Butler, Advisor; NOT PICTURED: Kevin Lewis, Sergeant at Arms.

"I've been rooked!" is a very popular phrase in the chess club. The name of the game is plan ahead, so the chess club needs this and everything to keep itself going. The members sell See's suckers as fund-raising projects, and as a worthwhile experience, they organize teams to go to competition in other schools. The club provides any chess enthusiasts with the opportunity to participate in a game they love and show their skills as chess players.

LEFT, MATH CLUB OFFICERS: John Jeffers, Vice-Pres.; Rene Smith, Pres.; Gary Gallichio, Sec./Treas.; Mr. Robert Butler, Advisor. BELOW, MATH CLUB MEMBERSHIP: Robert Fastenau, Gary Gallichio, Jolene Gargano, Arnold Lawrence, Mark Lewis, Rene Smith, LeAnn Sucht, John Jeffers.

Can it be? It is! It's those computer-brained analysts of modern day math --the Math Club. They spend many of their calculated hours with puzzling problems of the math world. They participate in math contests as a means of displaying their specific interest, and sell plastic yearbook covers to raise money to keep their club going. To them, math is as easy as "pi"!

it FIGURES!

AFS TRAVELS ON

BELOW, FAR LEFT, AFS OFFICERS: Anne Butler, Pres.; Margaret Musgrove, Rep.; Marilyn Hew, Vice-Pres.; Julie Manzanedo, Sec./Treas.

ABOVE, FAR LEFT: Fabio Trevisan from Brazil and Satoko Nakahara from Japan look over U. S. bicycles (Made in Japan).

LEFT, AFS MEMBERS: Julie Manzanedo, Lisa Basinger, Mary Swanson, John Jeffers, Lisette Dungan, Diane Gastelo, Marty Craig, Laurie Wolfen, Steve Stambach, Norleen Swanson, Toni Carillo, Carol Jensen, Fabio Trevisan, Erika Ullman, Gary Gallichio, Kelly Borelli.

BELOW LEFT: Mr. William Eagleton, Bradley, David, Alan, Satoko Nakahara, Mrs. Evelyn Eagleton. NOT PICTURED, Elysa Eagleton.

Satoko is from Karate-gunn Japan and comes from a small family. She says that Japan's schooling is much more academic with no electives, therefore being much harder than the American way of learning. She is a fan of the rock group "Queen", is very artistic, and plans on becoming an interpreter, which means language classes. All together she's enjoying her stay here in America and the school is happy to have her.

AFS is active every year. There's always an interesting foreign exchange student who comes from abroad and who shares the lives of the students at school and as Americans with everyone. Plus students from Los Banos High School have a chance to go abroad and share in the lives of the people of other lands. The purpose of AFS is to promote its activities. The club has been going strong for twenty years and started as a division of the adult AFS. One of the fund-raising activities is bake sales, which can help support the worthwhile organization.

RIGHT, DRAMA CLUB OFFICERS: Chris Sparks, Pres.; Chris Morcus, Sec./Treas. NOT PICTURED: Lisa Basinger, Rep.

BELOW, DRAMA CLUB MEMBERSHIP: Chris Morcus, Chris Sparks, Toni Carillo, John Jeffers, NOT PICTURED: Carol Jensen, Lisa Basinger.

Aha! It's those future actors and actresses of Los Banos High School! How successful will they be? Maybe that depends on how the Drama Club fits in. It promotes drama, letting the members reveal their talents, and appreciate acting much more. It allows the members to put on plays, read outstanding drama material, and travel to see actual theatre productions. Interest in doing plays and appreciating good drama is all that is required.

ONE OF A KIND

BELOW, LOS BANOS MOUNTAINEERS MEMBERSHIP: Judy Alvernaz, Eric Baty, Mike Booher, Sue Booher, Kristy Bremicker, Cory Brockman, Dan Bronson, Pam Canady, John Ciuffo, Lisa Coleman, Marty Craig, Londa Creighton, Donna Cunha, Billy Curutchaque, Debbie Dill, Tom Ereman, Annette Etcheverry, Ross Freitas, Bill Gilardi, Gary Gargano, Billy Hansen, Roni Howard, Julie Hutsell, Pat Imperatrice, Jennie Laneayo, Lori Low, Shawn Mello, Anna Meza, Tim Newbry, Bret Oliver, Karen Pierce, Tom Post, John Ruiz, Ron Santiago, Lori Satre, Mike Satre, Joey Silva, Steve Stambach, Mario Vasquez, Scottie Wakeling, Leah Whisenhunt, Jeanie Wolfson, Laurie Wolfson, Caroline Zentner, Jim Zion. RIGHT, LOS BANOS MOUNTAINERS OFFICERS: Tom Hew, Pres.; Chris Coelho, Vice-Pres.; Sue Booher, Sec./Treas.; Leah Whisenhunt, Asst. Sec./Treas.; Ron Santiago, Rep.; Steve Stambach, Travel Coordinator; Mr. Robert Morrow, Advisor.

GO AND CLIMB A ROCK

Attention Nature-lovers! What could be a more fulfilling adventure than an outing with Los Banos Mountaineers? It's hiking, backpacking, wilderness conservation and studying nature. The members discover new methods of ecology on weekend backpack trips, and learn how to make the most of nature as a means of survival. The club benefits nature as well as its members for a compromise between man and the wilderness.

ABOVE, FHA MEMBERSHIP: Jacinta Barcelos, Mary Burns, Kim Carter, Odelia Garza, Joyce Giampietro, Gloria Herrera, Christine Lozano, Olga Machado, Charolette McRae, Karen Maddox, Anna Maseo, Yolanda Morino, Lynn Rauh, Lori Satre, Mary Schluter, Alda Silveira, Rose Silveira, Sandy Skaggs, Mary Sousa, Claudia Tristao.

RIGHT, FHA OFFICERS: Mary Sousa, Pres.; Mary Burns, Rep.; Sandy Skaggs, Treas.; Lynn Rauh, Sec.; Charlotte McRae, Vice-Pres.

My, what good cookies you have!! The FHA members keep busy as usual with their cooking and sewing. They use the skills learned in this organization to help them become efficient homemakers. The organization's funds go to the welfare and well-being of others. The profits from the many Rice Crispies sales go towards the buying of knitting yarn for shawls and scarves for the patients in the convalescent hospital. It has gained recognition in the community for these wonderful contributions.

home - style !

LEFT: Bank of America Plaque recipients receive the good news of their achievement.

BELOW, LEFT TO RIGHT, BANK OF AMERICA PLAQUE WINNERS: Doug Vargas, science and mathematics plaque winner, displays one of the many formulas he has learned to be one of the top science and mathematics students in the school.

Richard Chaparro, liberal arts plaque winner, reads one of his "quickies", the Britannica, just an example of his hard work.

Phillip Zentner, fine arts plaque winner, shows off his multi-talented personality as an exquisite musician.

by request !

The Bank of America certificate winners have shown that they have unique qualities in their specific subjects. They have gained recognition and proven that the younger people of today have the determination and ability to be the best in a chosen field as well as the rest of their education.

B. OF A. - ALL the WAY

LEFT, BANK OF AMERICA CERTIFICATE WINNERS:

Joy Zimmerman, Music

Brian Vierra, Laboratory Science.

Ron Robinett, Trades and Industrial.

Lisette Dungan, Mathematics.

Joanna Titterington, Business.

Janet Laranjo, Social Studies.

Anne Butler, Foreign Languages.

NOT PICTURED: Charli Wakeling, Agriculture.

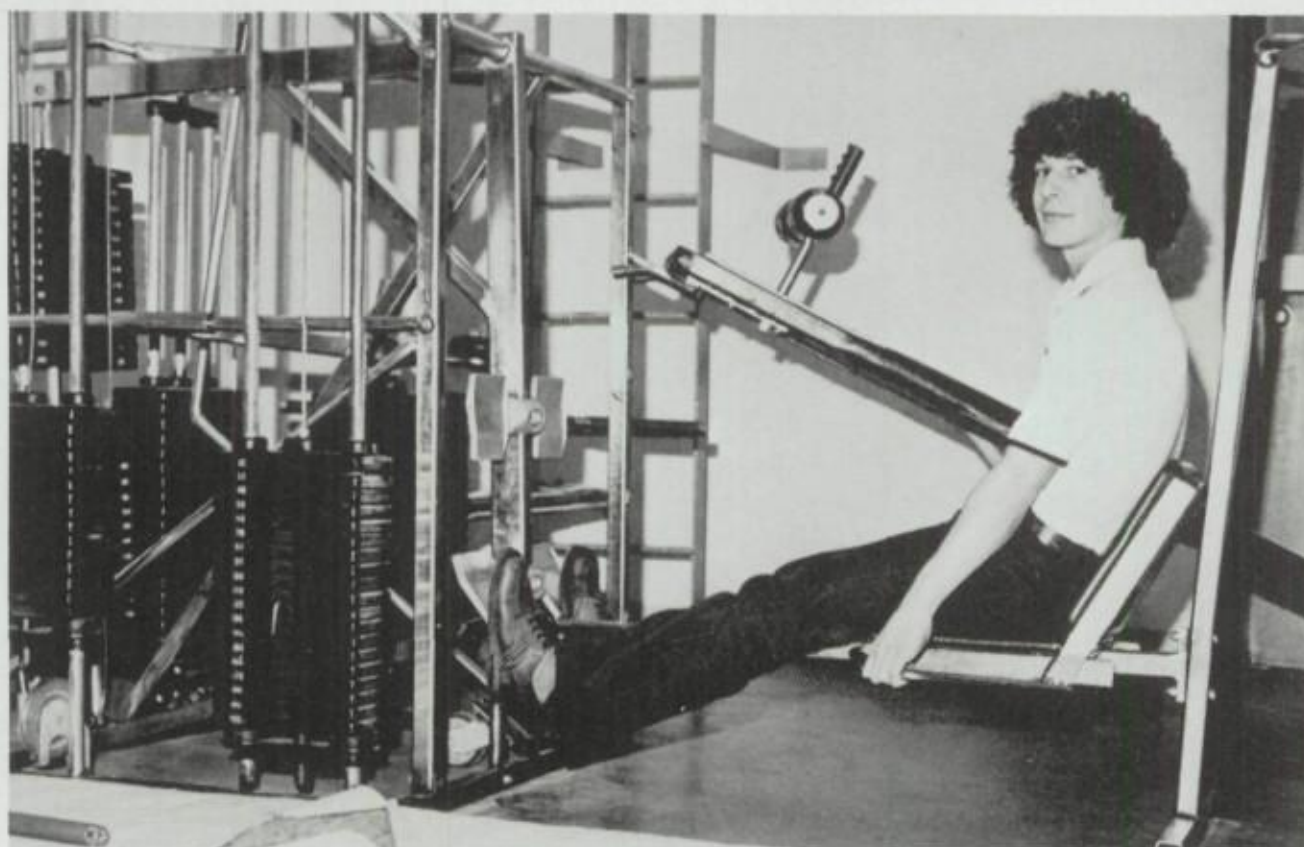

BELOW, ASILOMAR GIRLS: Judy Casella, Elysa Eagleton, Debbie Spankowski, Diane Gastelo, Janie Wilson.

Asilomar is a combination of fun, leadership, meeting new people, and just being yourself. It's a conference held for girls with top leadership qualities from about 60 schools in the state. The girls campaign for an office. If they win, the officers return year to organize the next year's conference.

LASTING IMPRESSIONS !

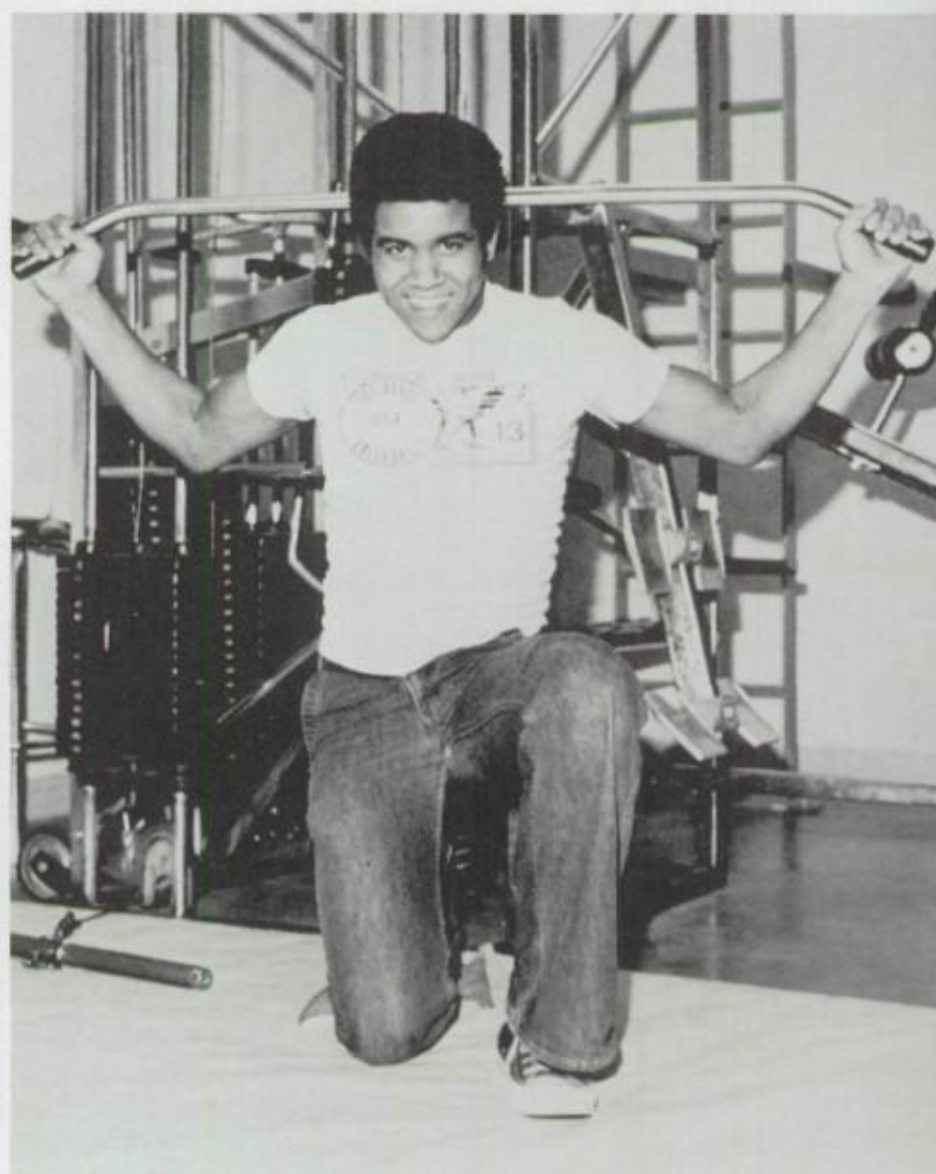

ABOVE: Perry Silva, Boys' State Delegate, shows that it's not physical ability that counts, but leadership and academics.

RIGHT: Todd Thames, Alternate, shows a smile of determination which masks the thought in his mind, "All this just for a picture?"

Tomorrow's leaders come from today's students; that is what Boys' and Girls' State are all about. The delegates are chosen by our faculty on the basis of academics and leadership. The American Legion sponsors this event. At the week-long conference, activities are based on our vote in government today.

NEW SEEKERS!

The GALS ON The MOVE

LEFT: Diane Gastelo, Alternate. Her duty is to step in if the delegate can't attend Girls' State.

BELOW LEFT: Judy Casella, Delegate, finds a jalope to ride to Girls' State in; it may be old, but she knows she will get there.

Our Girls' State candidates are on the move in every style. The American Legion's Women's Auxiliary sponsors the Girls' State.

Juniors have ability, courage, and creativity.

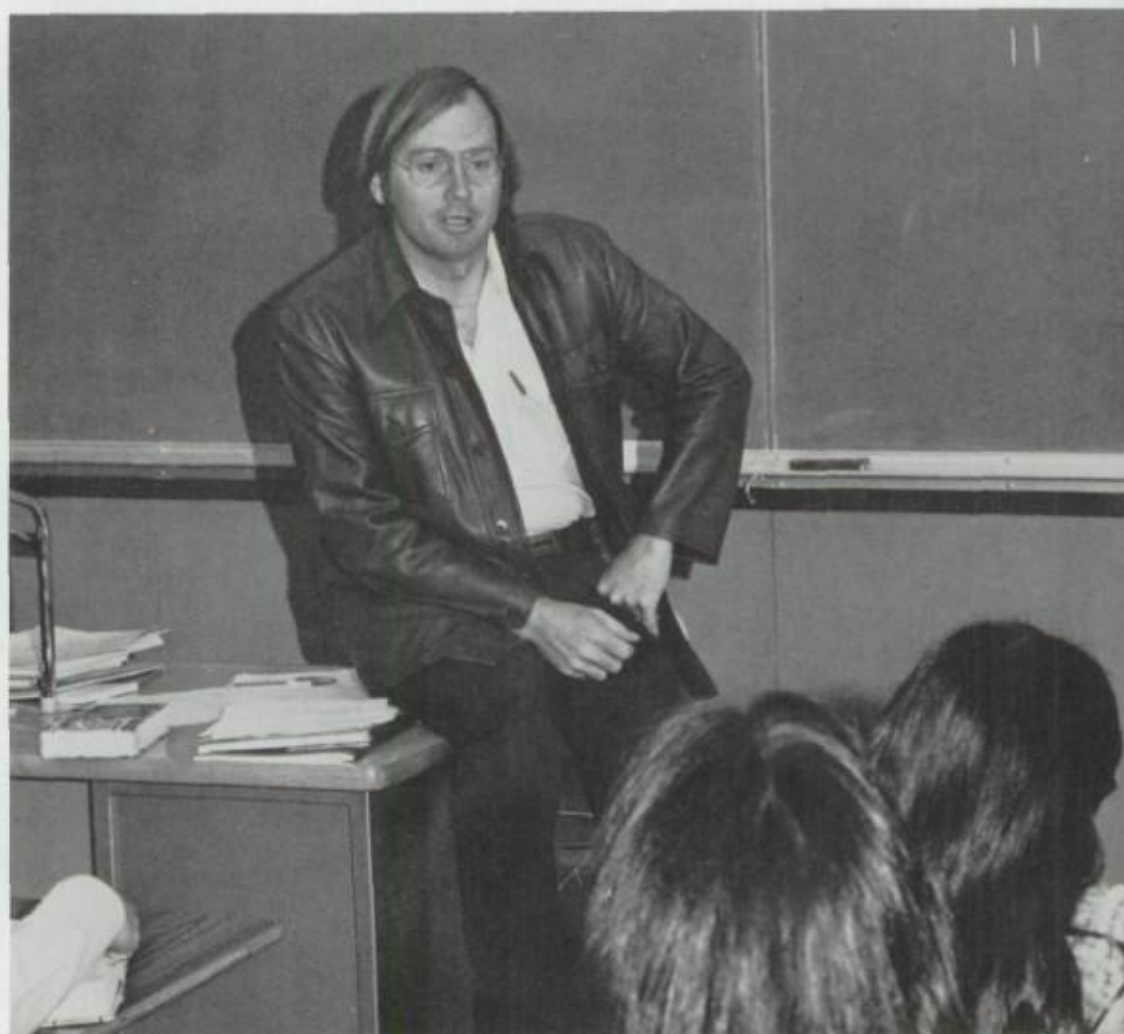

Christine Izoco displays one of the many things that juniors have. Although their freedoms are accompanied by certain responsibilities, the juniors have the freedom to create what they like, do what they want to do, and think for themselves.

CAMERA SHY JUNIORS: Tim Akers, Rosham Anderson, Ed Arviso, Danny Caldera, Susie Camarillo, Rhonda Carpenter, Suzanne Carvalho, Hermila Cortez, John Creighton, Kevin Ellison, Rick Esparza, Rick Freitas, Joe Garca, Jeanette Gonzalez, Lee Hammack, Donna Hayes, Audelia Herrera, Jason Holgate, David McBride, Maryann Martinez, Jesse Montoya, Antonio Palacios, Roy Reyna, Charles Weaver.

Boy, are the juniors ever slick this year. What class, what bright faces and cheery personalities. Yes, we've found the juniors, all right. They've only got a year to go before livin' free and breezy. They know that they have to work at it though, so they do their share of studying, but this doesn't take away the freedom the Tigers have always had.

WE'RE INTO IT

Juniors have a special life, just like everybody. They're the ones who bring us the proms, for instance. They're cool, just like everybody else, yet they're special in their own way.

The juniors find time to do what they want. They won't sit still! They've got the free-living spirit that everyone needs. They're juniors.

Well, the sophomores are back again! What are they up to this time? They're the same ol' people, but they're a year older and more mischievous than ever. But the sophomores are cool, calm and they're Tigers, too! They work hard, play to win and have fun together.

2ND TIME AROUND

Sophomores let their spirit flow and really get rowdy! They've got a lot going for them, with a lot of decisions to make, such as selecting class rings - "A, B or C?"

Freshmen learn how to make their engines go, "HMMMMM..." while Mr. Ken Ebner tries to make their schedules do the same.

Freshmen are the free-loving, simple people that really stand out in a crowd. They have a shy look but a quick smile. They know that being a freshman is fun and that they're in for the best years of their lives. They've got spirit and everything else it takes to be a Tiger.

BEGINNINGS

What does being a freshman mean? It's taking home a ton of books, your first school dance, and not being able to open your locker. It also means your first Homecoming where you learn more about spirit than you ever have.

Yes, the freshmen have a lot of spunk, but before too long they'll be getting fit for their caps and gowns. So, freshmen, live it up while you can!

School: what memories we'll have! The strenuous exercises in P.E. where you feel like a rubber band at the end of the period, those great lunches when you can get together to share a bag of fries or a Pepsi, the "farewells" between classes, great rallies where you can really let yourself go and get into the spirit, and those super football games. Ah yes, we've got a lot to be thankful for: our free-spirited school.

FOCUS ON MR. GASTELO

LEFT: "Operator!" This is a familiar word to Mr. Gastelo, being operator of many school activities. He really gets involved with the students, caring about their welfare and their attitude toward school.

From his first year as a teacher, Mr. Gastelo has always been known for his warm and friendly personality. Being a vice-principal and administering discipline is no easy job. But his down-to-earth approach and warm smile has shown that he's a person we can always count on.

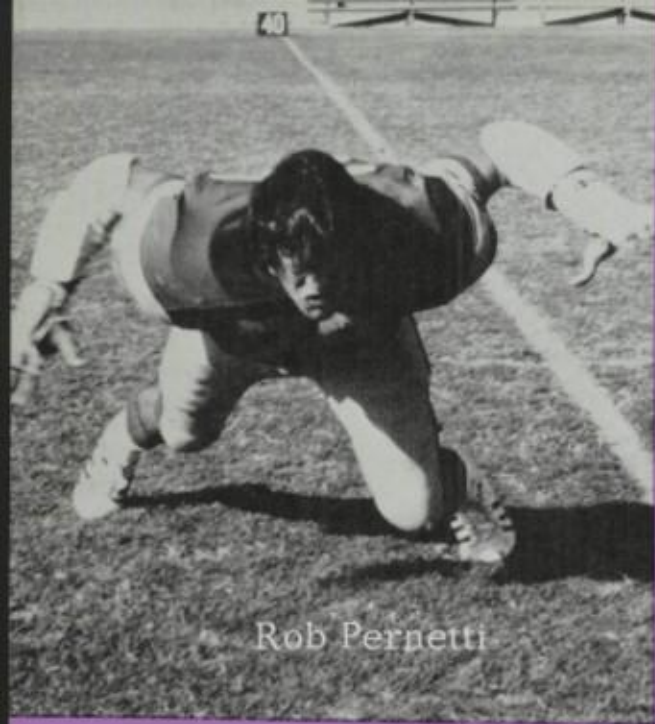

The year of the CATS

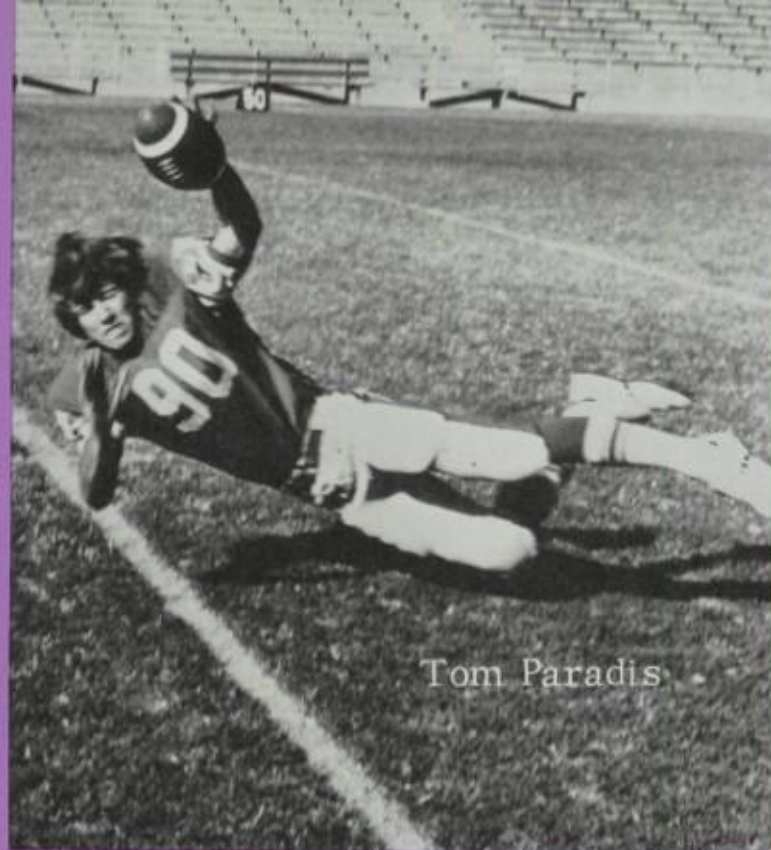

The Tigers are at it again! Fans, mascots, cheerleaders, ball players, and so much more! The Tigers are made up of a little bit of everything like pride and enthusiasm, but most of all sportsmanship and getting that ball and making points.

The varsity players make up one of the best teams in their league. It is a result of their willingness to work, including almost seven hours a day of practice during the last weeks of the summer and three hours a day after school. All this work goes toward one common goal: to establish comradship and to be a team, using the skills learned to make each team member a better person. The varsity's accomplishments for this season are far from average. They placed second in conference and beat Hollister's stronger team. But the big showdown was their triumph over Dos Palos--the first time in thirteen years. Terrific! The team had some bad nights, too, however--eleven fumbles cost us the championship in the game against Livingston. But the defense never allowed more than 100 yards per game during the whole season. The team is still a good example of sportsmanship and hard work.

The junior varsity never gave up and always tried their hardest during the whole season. Their big victory was the dynamic game they won against Dos Palos. "The defensive linemen did an outstanding job against the rush all year," says Coach Gary Caropresso. "Offensively it was on and off during the whole year, but overall the season was successful."

ROW FIVE: Joe Gardner, Shaun Bryant, Mike Satre, Joe Hernandez, Richard Nunes, Jeff Ciuffo, Joel Edminster, David McCarter, John Palazzo, Coach Carey Reed.

The freshman team had a good season with only a couple of losses during their entire year. Playing on the freshman team prepares the players for more years of high school football, with the possibility of being on the varsity team. It also helps them realize that teamwork and organization make a winning season.

The powder puff game was a night to remember, especially for the Soph-Junior team who ran away with the victory 20-6. Even though they were defeated, the Senior-Frosh team gave it their best shot.

ABOVE, JUNIOR VARSITY VOLLEYBALL TEAM, ROW ONE: Kelly Borelli, Teresa Miller, Debbie Bronson, Leonora Whitehead, Delores Vasquez. ROW TWO: Charlie Cooper, Denise Smith, Lynda Impeartrice, Annette Etcheverry, Tamera Silva. ROW THREE: Yolanda Bland, Gloria Sotelo, Norma Escobar, Mary Swanson, Leslie Solgaard, Manager Lisa Coleman. ROW FOUR: Norleen Swanson, Kathy Keyes, Teresa Macias, Pam Sapp.

It's hard to believe that, with such a good volleyball team, twenty-one of the thirty-one players were rookies. The varsity's results were three wins, nine losses, placing 5th, and the junior varsity's results were 6 wins and 6 losses, placing 3rd.

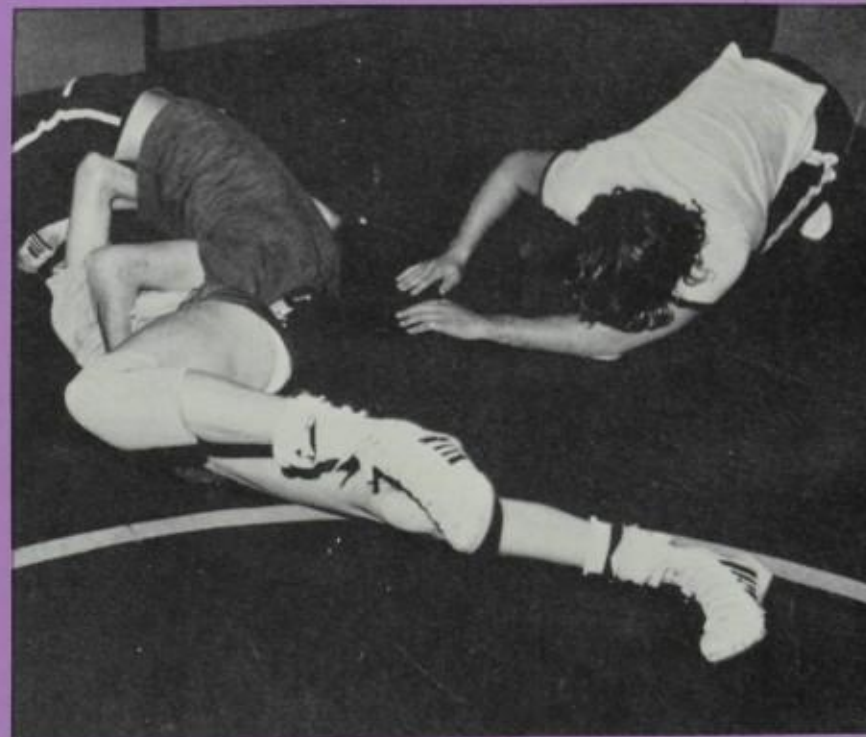

It's pinning time again and the wrestlers have been working strenuously to follow up on their previous successful years. "The Los Banos varsity wrestling team has won the Valley Oak League Championship for the past two years," commented Coach Gil Blank. "This year's teams should follow by winning their own championship this February. The teams success is built around hard work, pride and dedication of its members."

MAIN MATTERS . . .

RIGHT, VARSITY WRESTLING TEAM, ROW ONE: Mike Lewis, Ray Bettencourt, Bill Hansen, Rick Nunes, Brian Vierra, Bill Birdsall, Rick Carganilla, Angel Chaparro, Mark Lewis. ROW TWO: Coach Gil Blank, Richard Chaparro, George Gongora, Chris LoSole, Phillip Zentner, Jim Ong, Rob Perneti, Jon Pierce, Pat Ong, Robert Noriega, Gordon Howze, Coach Tim Himmerich.

LEFT, J.V. WRESTLING TEAM, ROW ONE: Mondo Duran, Mike Areias, Bill Curutchaque, Sam Ordunez, John Borba, Ron Santiago, Todd Rollicheck, Robert Hugg, Scott Priore, Bill Arambel, Tom Ereman. ROW TWO: Mike Mooney, Bill Bettencourt, David Smith, Chester Broddrick, Charles Eldred, Pete Escobar, Dave Buchanan, Gary Souza, Mike Satre, Ron Chaparro, Marco Yanez, Steve Van Someren, Steve Bosworth, Rodney Miranda, Duke Hass, Raymond Forte.

The J. V. wrestlers have got quite a bit going for them, and they always seem to be tops in everything they do. "The Los Banos Junior Varsity Wrestling Team has never lost a match in the Valley Oak League," stated Coach Gil Blank, "and we don't expect to lose any this year." Wrestling means long, hard hours of practice, sweat and the coordination it takes to win. It's lifting weights to build strength, competing with someone bigger than you in tryouts, and it's just that all around effort of everyone involved.

AND THEY'RE OFF!

ABOVE, VARSITY CROSS COUNTRY: Ray Bettencourt, Joe Camarillo, Mike Reyes, Coach Jack Booher, Angel Chaparro, Refugo Puentes, Richard Chaparro, George Gongora.

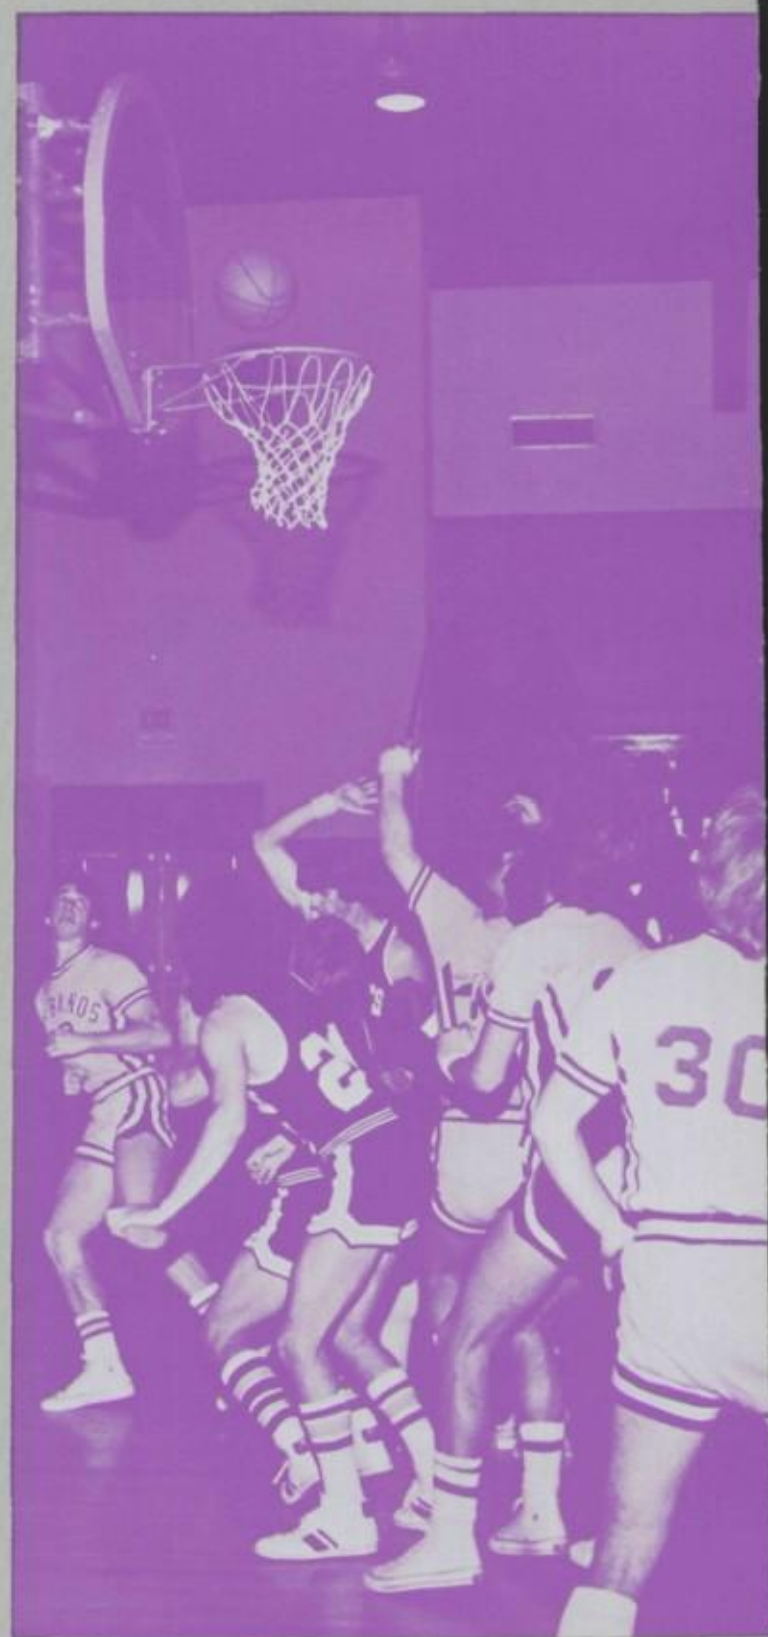

LEFT, VARSITY CROSS COUNTRY TEAM: Tim Goodger, Manager Chester Broddrick, Robert Rangle, Ricky Richardson, Joe Contreras, Darrell Lackey, Mike Lewis, Darrell Barger, Wayne Rauch, Alfredo Hernandez, Ryan Leishman, Sam Ordunez, Billy Bettencourt.

The results of this season's Cross Country teams are: frosh-soph second, juniors placed first at the Bretehart Invitational Meet and first place in their league meet, and varsity placed third. In individual accomplishments, Ray Bettencourt from the varsity team placed third in the San Joaquin Section Meet.

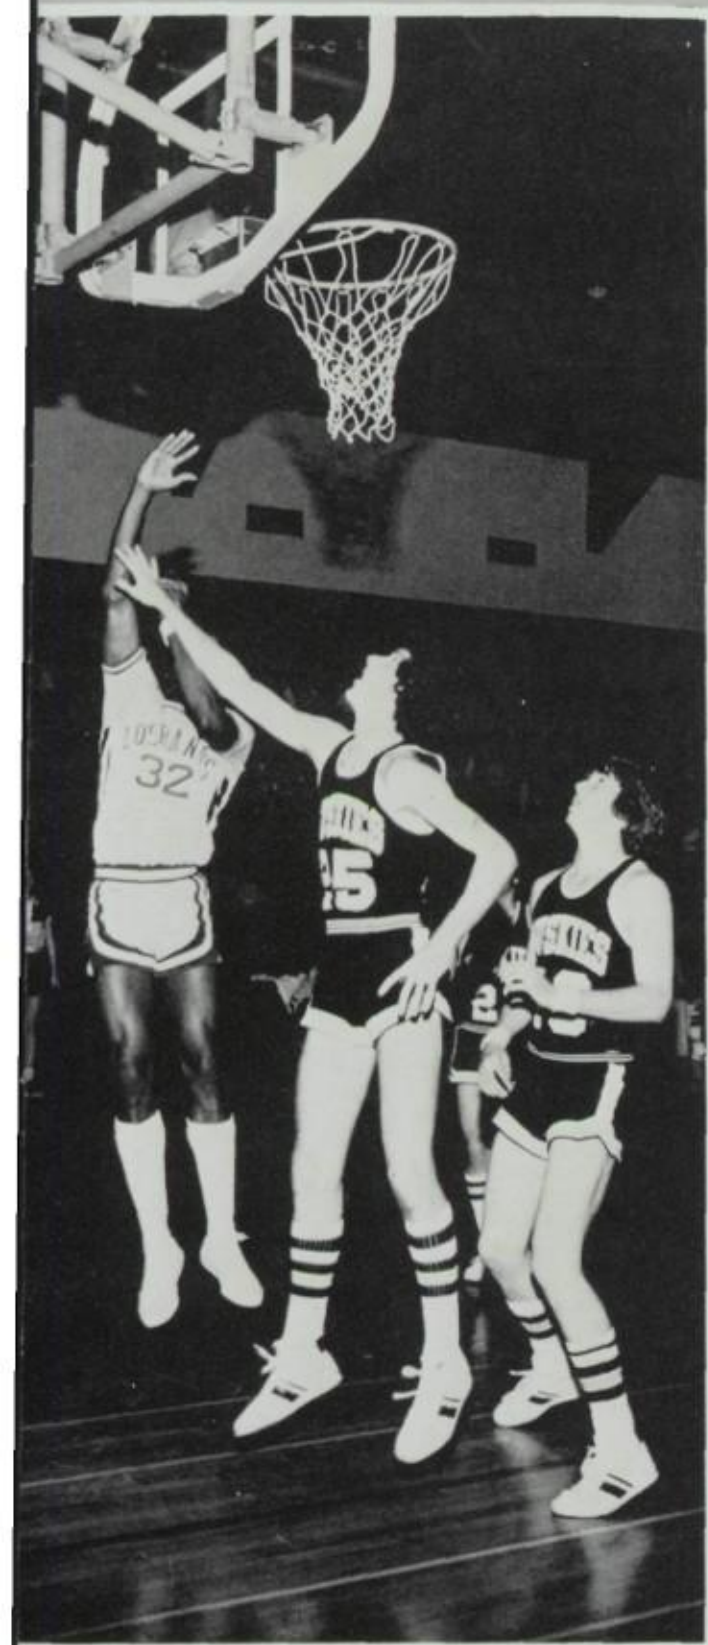

Cross Country demands quite a bit from its participants, such as the mental attitude to really psyche themselves up for practice and doing their best at meets. It calls for self-discipline and knowing that they can do whatever they try to do as each individual competes with himself. They become closer to their teammates, as well as their opponents after a couple of years in Cross Country.

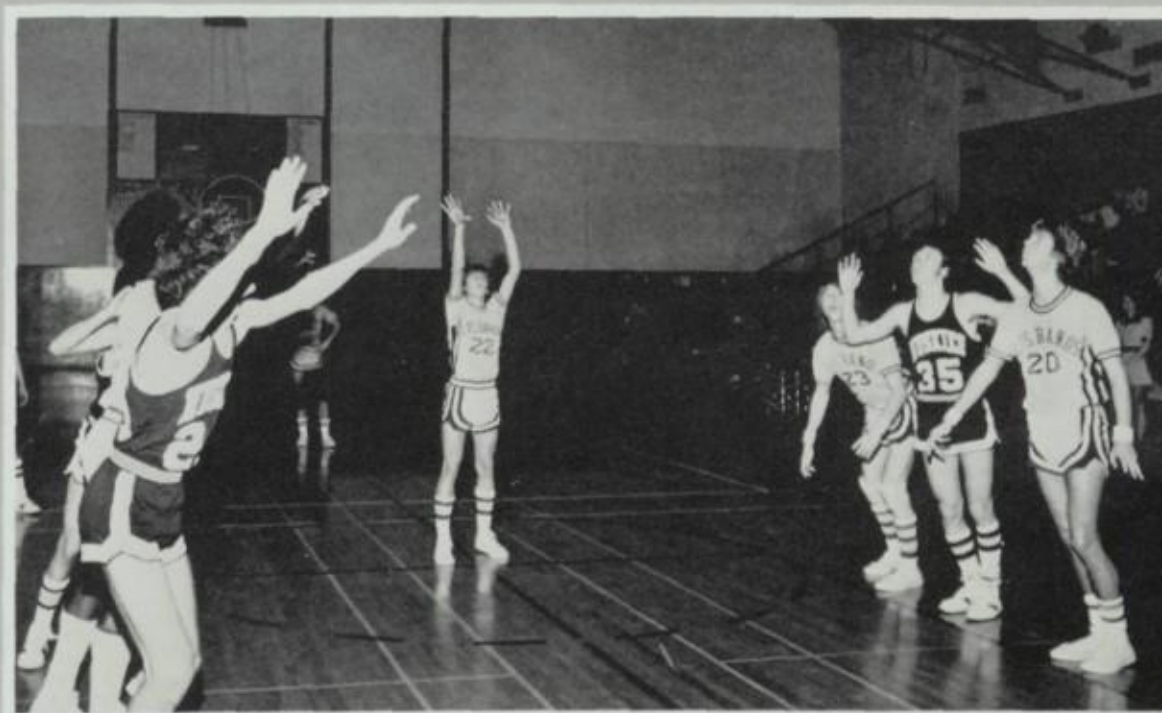

ABOVE, VARSITY BASKETBALL TEAM: Neil Farrell, Steve Mendes, Greg Hutsell, Chris Stambach, Coach Gary Hedlind, Mike Piwowarski, Roy Stoddard, Art Bland, Don Mallonee, Tom Paradis.

At the time of this writing, no league games had yet been played. Scores for practice games were the following: Los Banos 48, LeGrand 27; Los Banos 37, Merced 57; Los Banos 34, Patterson 51; Los Banos 38, Livingston 47; Los Banos 34, Gustine 49. So far this season the leading scorers were Roy Stoddard, Steve Mendes and Tom Paradis, and there were no returning starters. Coach Gary Hedlind said that at this time the squad was inexperienced, but that they should improve greatly as the season progressed.

The J. V. team has learned much from this season which can benefit them in their enthusiasm to be varsity players. Coach Frank Stone commented that the team was still working to master game fundamentals, but the season looked promising. The team did well despite their losses--they learned good basketball techniques, and of course, good sportsmanship qualities. A few of the team's players, Rick Post, the team captain, Mike Mooney and Joel Edminster, are pictured on this page "in action".

ABOVE, FRESHMAN BASKETBALL TEAM, ROW ONE: John Casella, Shawn Bryant, Jeff Zuriligan. ROW TWO: Nick Esquivel, Tom Post, Loren Downum, Dennis Cardoza, Bill Weaver, Coach Jack Catlett. ROW THREE: Danny Creighton, John Greco, Richard Nunes, Craig Cotta, Dan Martin, Manager Antonio Eguia.

"This freshman team has the most potential of any freshman team from Los Banos High in the last three years," commented Coach Jack Catlett. He also added that although the team was plagued by poor shooting in the pre-season, their passing, rebounding, and defense were especially impressive. Since league games have not yet begun, the following scores are those of practice games: Los Banos 32, LeGrand 20; Los Banos 45, Patterson 44; Los Banos 22, Livingston 45; Los Banos 23, Gustine 28; Los Banos 33, Hughson 41.

ROW THREE: Coach Frank Cambra, Julie Hutsell, Teresa Macias, Annette Etcheverry, Joy Zimmerman, ROW FOUR: Coach Kathy Fischer, Gloria Sotelo, Cin Baca, Carmen Figueroa, Dio Franchi.

Softball requires stamina, dedication, good sportsmanship, and a strong, positive attitude. All the players seem to have these qualities. The season looked pretty good at the start, and the girls were putting in hard hours of practice to be the best. Playing on a team can make each player realize that individual confidence can contribute greatly to good team work.

As the season began, the girls on the track team were hard at work getting in shape for their competition. Track can show you how to use your own individual abilities and dedication to win proudly and lose with dignity. It can help build up confidence and give each competitor a sense of belonging. It also shows that girls have the capability to give their all to a sport and come out with the knowledge that they tried their best and "know the ropes".

ABOVE, VARSITY TRACK TEAM, ROW ONE: Joe Camarillo, Mike Reyes, Raymond Bettencourt, Reggie Puentes, Ron Chaparro. ROW TWO: Ron Robinett, Henry Brinlee, Todd Rollicheck, Les Gomes. ROW THREE: Jon Pierce, Tom Germino, Tom Paradis, Jim Contreras. ROW FOUR: Steven Bosworth, Mitch Parker, David Nunes, Steve Cascia, George Machado.

The track team was a good strong one because of all the practice--one or two times a day from February to May. Coach Toscano commented that the field events lacked strength in the throwing division, but there was a possible breakthrough with some of the field contenders. The jumping events had great drive, and all looked promising.

Aim FOR the Finish

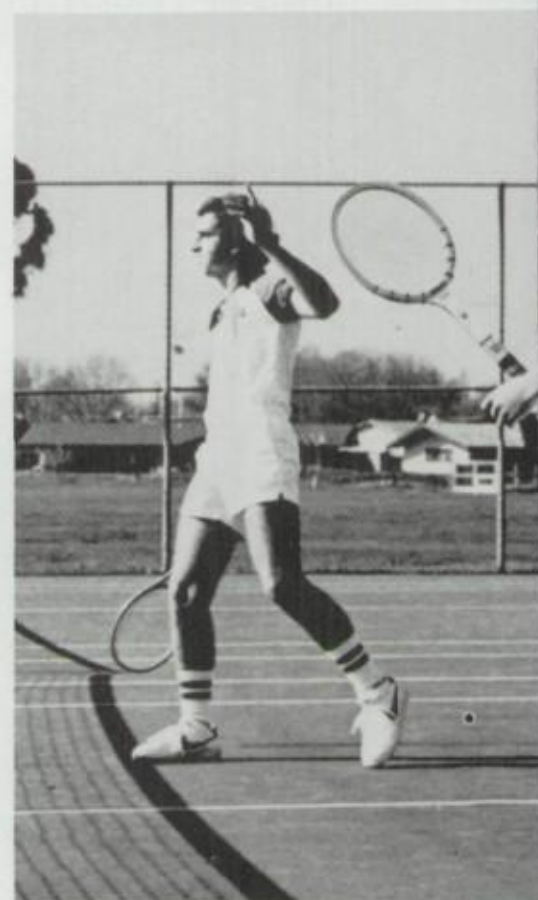

ABOVE, JUNIOR VARSITY-FRESH TRACK TEAMS, ROW ONE: Richard Nunes, Billy Curutchague, Marvin Aspesi, David Cotta, Armando Duran, Cory Brockman, Byron Priore, Donald Franklin. ROW THREE: Ron Baganha, Kraig Lippincott, Bill Basinger, Robert Priore, Gary Gargano, Wayne Rauh, Joe Camarillo, Ron Chaparro, Reggie Puentes. ROW FOUR: Steve Stewart, Sam Hockless, Rick Nunes, Jeff Bondi, John Forte, Larry Bryant, Shawn Bryant.

"The track teams were very competitive even though they were young and lacked depth in certain areas," Coach Toscano stated.

In track, the members get a sense of competing one on one as individuals, and can strive for individual achievements, rather than a team effort.

1977 was a rebuilding year for the Girls' Tennis Team. Seven new players were added to the team. All season they gained valuable experience in competition for next year. Their overall record was 12-5 and 8-4 in the VOL--good for 3rd place. Gina Giampietro and Marlene Ferreira gave the team a boost with their brand of tennis. Marlene won the VOL Novice Tournament in Manteca.

Led by the slashing topspin ground strokes of Captain Doug Vargas, an all-VOL selection, this year's team appeared to be championship material. Joe Mello, also an all-VOL selection, was feared for his return of serve. Steve Van Someren was a crisp volleyer. Gabe Santos was a master tactician who attacked opponents' weaknesses relentlessly. Bill Munger had a treacherous spin serve. Pat Butler, the first underclassman, led the sophomore contingent which also included Arnold Lawrence and Larry Ledesma. This year's squad, the finest in years, was determined to beat out St. Mary's for the league championship.

ABOVE, VARSITY BASEBALL TEAM, ROW ONE: Mark Stefanelli, Steve Mendes, Robert Arambel, Robert Survera. ROW TWO: Perry Silva, Raul Nazabal, Steve Taylor, Dennis Manzanedo, Emil Erreca, Andy Posey, Don Mallonee, Dave Erreca, Greg Hutsell, Kirk Layton. ROW THREE: Mike Guaspari, Bobby Darnall, Mike Piwowski, Mike Romero.

At the beginning of the spring, the Varsity Baseball Team was in concentrated practice, getting ready for their big season. Coach Poznoff said that the season looked hopeful, and the players seemed to be ready and willing to practice. He said that he had looked for players who enjoyed the sport, had a good mental attitude, and were dedicated to their sport. The team practiced two and a half to three hours a day, Monday through Friday, to get ready for their first big game.

REAL SWINGERS !!

Coach Poznoff said that his players seemed to have the potential to play up to their capabilities, and that he hoped that they would learn how to cope in life by playing on a varsity team. He said that he stressed to his team that winning wasn't everything; you have to learn to accept losing as well as winning. The players can get quite a bit from playing on a varsity team, such as learning responsibility, the importance of team work.

The J.V. and Freshman baseball players give much of their time to their sport to be one of the best teams in their league. At the time of this writing no games had been played, but the team looked competitive, full of spirit, and ready to give it their best shot.

HOMEWARD BOUND

STROKE OF LUCK ?

LEFT: Coach Todd Merrill explains how keeping your club in the proper position is essential for a good score.

ABOVE: A few members of the team take a few practice swings before going up to tee off.

RIGHT: Roy Stoddard demonstrates a smooth, easy stroke that makes this difficult sport seem as easy as pie.

LEFT, GOLF TEAM, ROW ONE: Bobby Cook, Jim Gardner, Mike Booher, Rick Bambauer, Sam Benidettino. ROW TWO: Coach Todd Merrill, Jeff Carter, Marion Sanchez, Mitch Zabala, Joel Edminster, Darrell Wilcox, Roy Stoddard, Danny Martin, Lori Ocken.

The golf team warms up for another season of teeing off, driving, pitching out of the bunker, getting on the green and putting. Golf is a sport of determination, patience, and skill. It also emphasizes a person's individual abilities against a course rather than another person. This year's team was young but was sure to be able to play the best golf by far that Los Banos has ever had. That's par for the course, isn't it?

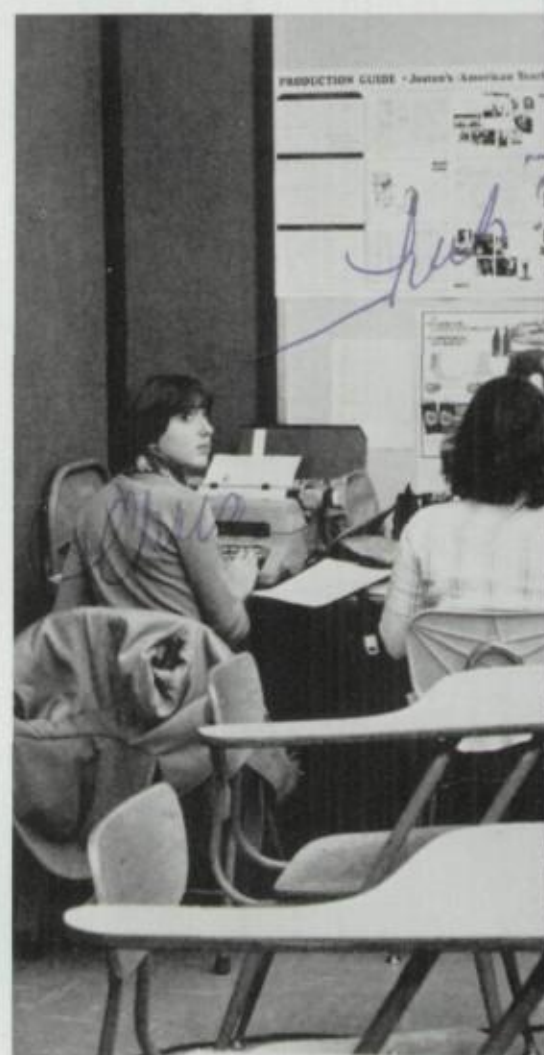

There were good moments, and there were bad moments, but all in all the year was fun and exciting. The Tiger sports were dramatic, humorous, full of spirit and good competition. The players exhibited good sportsmanship and the Tiger pride throughout every game. Each player can be proud to say, "I'm a Tiger!"

Is it really over, Tigers? No, it's just the beginning of a new season, new games, fans, competition and spirit. Hold your heads high, Tigers, because you've got what it takes to be everything you're free to be.

GIVE IT ALL YA GOT !!

FINALLY The FINALE !

Please read this book -
I wrote it!
Chris

The end? Well, for some of us, it may be the end. But it will never be our final destination. We are all searching for a way to set our spirits free, and we find ourselves looking to solve the great mysteries the future may hold. In one way or another, we long to join in the endless flight of the seagull--to join in the peace he finds as he flies. Our minds can be the wings that carry us to the freedom we long for. With our freedom, we find new beginnings--a new summer, a new life and, for the El Pacheco staff, a new yearbook. As we come to the close of this year, we can look back on all of the events and happenings that mean 1978.

Who could forget the exciting football victory over Dos Palos? Thirteen was certainly an unlucky number for Dos Palos. The Broncos left Los Banos blue for thirteen long years, and everyone celebrated the victory.

Speaking of blue, 1978 was the year of the blue slips. They were the big hassle you had to go through when you were absent. We would often forget to pick them up in the morning and got a tardy when we went to first period. By the end of the day, the blue slips were usually so torn and wrinkled that no one could read them anyway.

Last year, the "bump" was the biggest craze in dancing. The only bumps at Los Banos High this year were the ones in the parking lot. After school a familiar sight was the race for the few spots where the bumps divided. At least that way two of your tires could make it through safely.

The teachers, friends, rallies and many memories will be with us forever. High school is four carefree years of our lives that many of us will treasure. Some have worked and worried so others could enjoy rallies, assemblies and yearbooks. It is unfortunate that for some people, high school has just passed them by. However, high school is no more or no less than what you make it.

The future? Frightening as it may seem, we will all go different ways. Some of us will go to college, some of us will get married, and others will go right to work. But all of us will someday be able to look back and tell stories of our high school years, the sneaky things we attempted, and be able to say "I went to Los Banos High."

The yearbook staff is one proud group of girls. The pictures on the left are some typical scenes in the life of the El Pacheco staff. This yearbook ended a long year of day and night meetings, long picture schedules and so much sacrificing. On our last deadline date, March 20, the staff let out a big sigh of relief. The pressures, the good times, and the hours of work were at last completed. The whole thing starts all over again on March 21st when the planning for the 1979 yearbook is started. Although it was one grueling year, we, the staff, made the 1978 yearbook happen.

When the staff walked into room 5, it was like a Pentagon staff meeting with everyone sworn to secrecy. Debbie, our editor, and Mr. Hendricks, our advisor, planned out the day's events along with the endless list of things to do before a deadline. Many times, the metal cabinet was an escape place for members wanting to avoid their everyday duties. Janie, our typist, and Ramona, our business manager, often hid out just to get the attention of Mr. Hendricks. But it only took a few minutes to get them back to work. Our typing corner was the place to catch up on the latest news and jokes. Chris, our copy editor, was the center of attraction and was often caught in the middle of a joke. Other staff members, Teresa, Melanie and Bridgitte also contributed their talents to the total outcome. Mr. Hendricks made sure the staff kept constantly busy. All in all, we, the staff, hope this yearbook will hold the best memories of 1978.

You are an ah-
solutely NOT guy!
I don't know how I've made
it through algebra / Trig with
you! You always brighten up my
day, though, I have to admit! One of
these days, we're going to have to get together
at Pismo. I'm sure you'd love that! I know
you've had some pretty good times down there from
what Rick says! Anyway, I hope you have a fun
summer and my best to you & Mary

Love ya,
Chris

I never thought I could meet someone like you. You've brought me so much happiness in the last few months (well 3 months today). I really hope that we have many days of happiness together in the future. Thanks for being patient with me, I'll try not to be so much trouble all of the time. I'm really looking forward to this summer with you, and next summer, and next, and next, and next etc.

Love you Always,

Jamie,

June 5, 1978

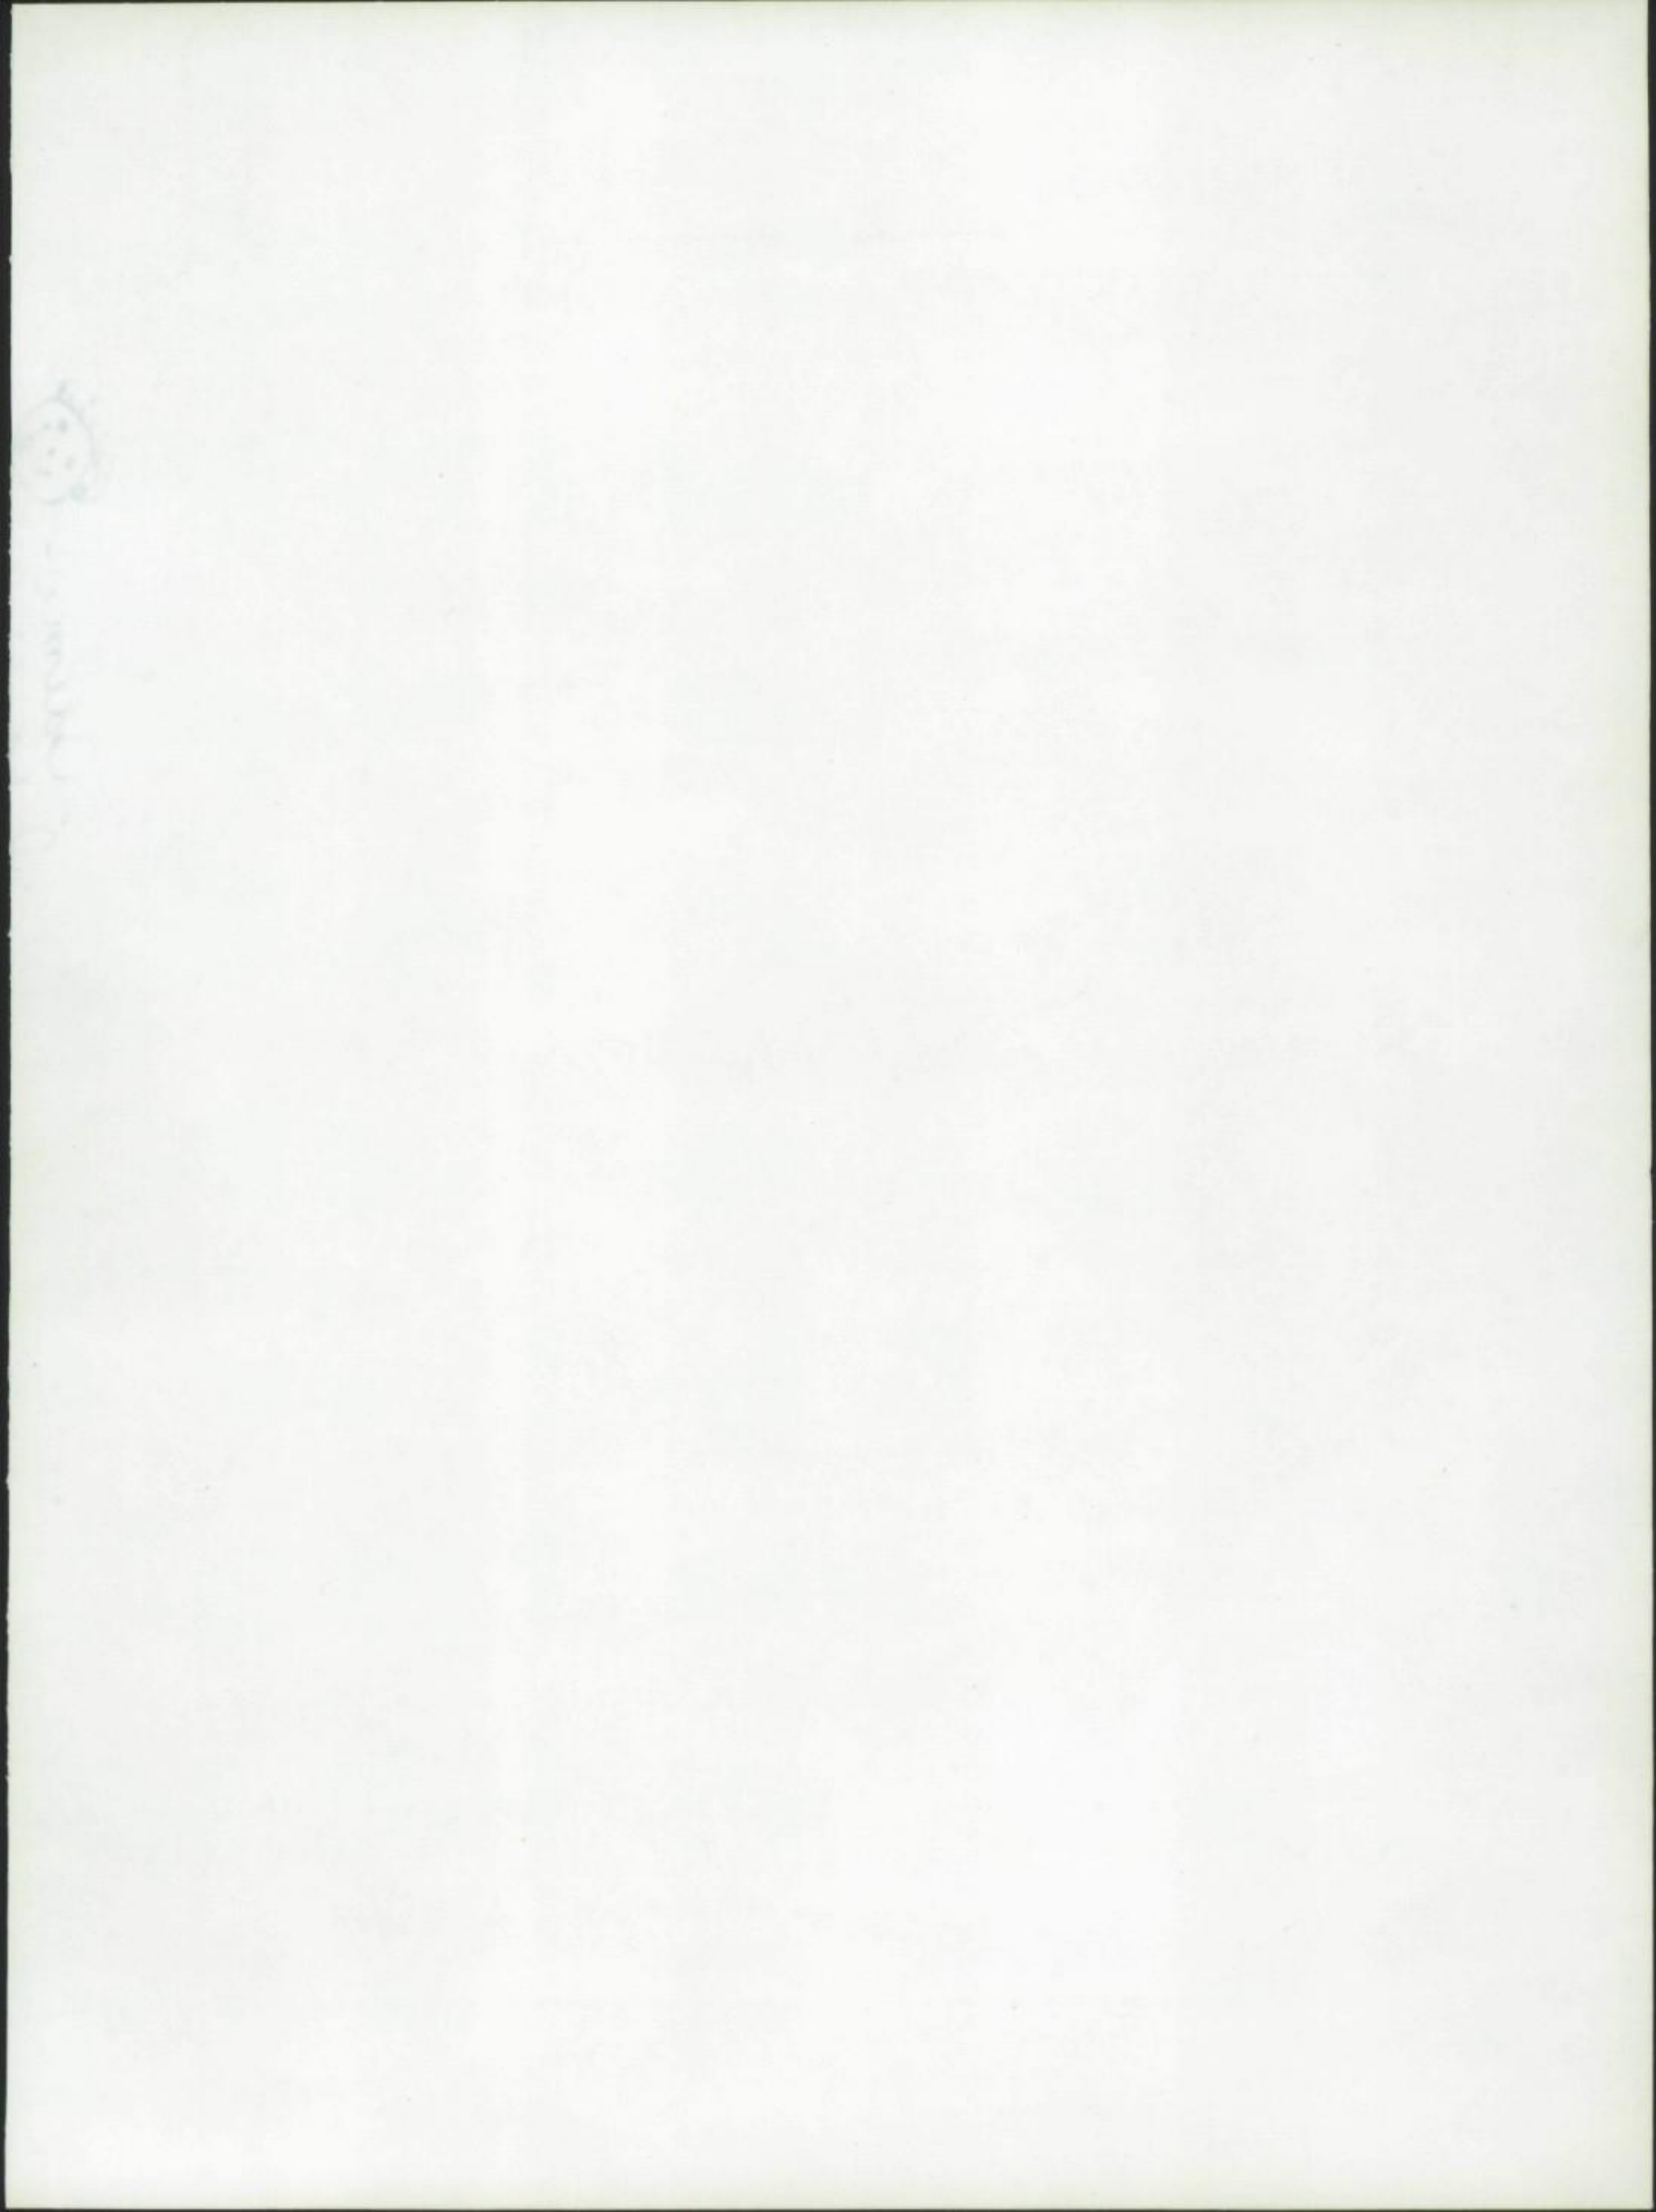

Next year should be a great year. I hope we don't have to go bottle collecting, ~~that's~~ washing cars, or whatever!

It's been a great year and a lot of fun. Maybe we could get together this summer and party.

Have a nice summer and take care of yourself
(and Mary).

Love,

Missy
